

THE COMMUNITY CHOICE

My record of commitment to the community:

- I have served the community of St Ives since 1998 when I returned to the area and worked as a teacher at St Ivo.
- In 2001 I established St Ives Youth Theatre to provide an artistic opportunity for young people in the town.
- I was actively involved in the campaign to save the Corn Exchange and have served as an Independent St Ives Town Councillor since I was elected in 2008.
- I have been a member of the Stakeholder Panel for Hinchingsbrooke Hospital and will continue to monitor developments after the privatisation later this year.

My pledges to you: If elected I will

- **be a proactive independent voice**, free of party political or pressure group constraints, and will ensure that your views are fairly represented at the District Council.
- **fight against future insensitive development of the town** and work to ensure that the infrastructure is taken into account, and that the environment and our trees are protected before any building starts.
- **actively support local businesses and facilities** in the town in the interests of a vibrant town centre and a thriving community. I will fight for fair car parking charges.
- **keep you informed about issues** affecting St Ives as they arise, not after the decisions about them have already been made.

Vote for an INDEPENDENT voice, not a party
